Drive Against Aids

By a Staff Reporter

A'bad, March, 30

It was a unique sight as more than 3,000 people formed a human chain from Paldi Circle to incometax Circle today to highlight the message of 'Don't be afraid of AIDS : Fight against AIDS' on the eve of the World AIDS Day.

The programme had been organised by the International Society for Research on Civilisation Disease. (SIRMCE).

The human chain formation began with the lining up of school children carrying banners and placards. Soon the children were joined by college students and others. Each of the participants distributed pamphlets containing information on AIDS and the precautionary measures that could be taken against it.

As many as 500 homeguards also played a crucial role in spreading the message about AIDS as they formed a human chain near Incometax Circle carrying placards.

Throughout the road from Paldi, Circle to Incometax Circle, the participants released more than 2,000 balloons to highlight the message. Dr. (Mrs.) Radium Bhattacharya, Chief Co-ordinator of AIDS project SIRMCE and organiser of the programme, said that it was a grand success and the human chain formed by the people of all ages would go a long way in creating an awareness about AIDS in the minds of the common men.

- 4 (a) Read the following passage and note down its main points : 5

Some people govern their fate but they forget the fact that success or failure is the result of one's own action. If you plant thorny bushes, you cannot reap sweet fruits, the result of an action depends on what one does and to the extent he does it. If we work hard we succeed and we succeed to the extent that we work. People who think that the law of Karma is Supreme may feel that what one is destined to get

he will always get whether he strives for it or not. But experience tells that rewards and punishment are direct results of our actions. Honesty and hard work never go unrewarded and dishonesty never goes unpunished. In fact even the law of 'Karma' in its proper sense means that the fruit that we get is decided by whatever action we did in the Past Shakespeare rightly said, "The fault, dear Brutus is not in our stars, but in ourselves."
